NAS Jacksonville is home to the P-3C Orion long range anti-submarine reconnaissance and maritime patrol aircraft, the SH-60F Seahawk anti-submarine warfare helicopters, S-3B Viking Sea Control aircraft, C-9 and C-12 aircraft.

The oldest of three Navy installations in the area, NAS Jacksonville occupies approximately 3,400 acres along the scenic St. Johns River and employs more than 17,000 active duty and civilian personnel. In addition to the employees, NAS Jacksonville services thousands of retirees and family members resulting in nearly \$2 billion being infused into the local community. NAS is a master air and industrial base, vital to our nation's defense, supporting United States, NATO, and allied forces worldwide. Personnel take seriously the rich tradition, support and customer service they provide to our forces and are deeply committed to the station's logo of "Service to the Fleet."

In 1938, a Congressional board was searching for a suitable site for a Navy base. After intense lobbying by the Jacksonville Chamber of Commerce, Congress passed and President Franklin D. Roosevelt signed into law, in April 1939, a bill authorizing an aviation facility for the city.

NAS Jacksonville's history was just beginning with World War II. Following the war, the air station was the first home of the Navy's Flight Demonstration Team, the Blue Angels. The Blue Angels gave their first public performance in June 1946 at Craig Field, a private airfield in Jacksonville.

From 1946 to 1948, NAS Jacksonville was home to the Seventh Naval District. In 1948, the mission changed from training to supporting the fleet and Commander, Fleet Air Jacksonville was established.

By 1949, half of the Navy's aircraft on the east coast were either at NAS Jacksonville or NAS Cecil Field.

The early 1950s saw the start of patrol squadrons with a mission of anti-submarine warfare. This is still the major mission of the air wings based at NAS Jacksonville.

Today, NAS Jacksonville leads the aviation community with the world's largest squadron, Patrol Squadron Thirty, teaching some of the Navy's best pilots and crew members the fine art of anti-submarine warfare (ASW). Patrol Wing Eleven and Helicopter Anti-Submarine Squadron Wing Atlantic, squadrons fly the P-3C Orion long range maritime patrol aircraft and the SH-60F Sea Hawk anti-submarine warfare helicopter. The recent acquisition of Commander Sea Control Wing Atlantic's S-3 squadrons puts a majority of the Lant Fleet ASW aircraft at NAS Jacksonville. These squadrons deploy regularly to assignments overseas and aboard Atlantic Fleet carriers, protecting our battle groups, and establishing NAS Jacksonville as the premier naval air station.

#### VERY IMPORTANT NOTES

WE'VE MOVED!!! The Fleet and Family Support Center (FFSC) has moved to a new location. Our new location is Building 554, and our main entrance and parking is directly across the street from the Child Development Center on Child Street. Three blocks after entering the Main Gate entrance, you will turn right on Child St., continue 1 & 1/2 blocks and the FFSC will be on your left.

Florida drivers are impatient and tend to speed up to 'beat a yellow light', rather than prepare to stop. Consequently, many drivers run red lights and you become the victim! Don't become another statistic!! Take an extra second to be sure the oncoming traffic is stopping before you enter an intersection.

Provide your contact telephone number & disposition instructions to the Personal Property Office immediately upon arrival in the area. You may stop by the office located on Yorktown Ave. in the Fleet & Industrial Supply Center, Bldg. 110, or call 904/542-1000 ext 129 or 1-800-762-4221 ext 129.

Picking up a vehicle from Overseas? See the HOUSEHOLD GOODS POV INBOUND SHIPMENTS category for more information.

Johns counties and you are impaired, call the NAS Jacksonville OOD office at (904) 542-2338. You will be provided a taxi ride, paid for by the station, to your home within the same five counties. If you are in an On-Base Club (this part includes civilians), the Club bartender can assist you in contacting the OOD. NO QUESTIONS ASKED! Pick up the memory jogger Club 2000 cards from MWR. Carry it with you and USE IT!

Yorktown Avenue (Main Gate) has three of four lanes inbound during the morning period and three of four lanes outbound during the afternoon period. During the time period of 0500-0800 and 1500-1700 you must be alert to traffic lane changes. THE BIKE PATH FOR YORKTOWN AVENUE IS THE SIDEWALK. Riding a bicycle on Yorktown itself is too dangerous, and is not authorized.

**VEHICLE CHECKS:** Seat belts must be worn in accordance with Florida State law, and base regulation requires ALL PASSENGERS to wear seat belts while on the installation. Base security personnel do establish random check points on the gates to ensure that seat belts are in use. Violators are subject to citation.

#### **MOTOR VEHICLE/DRIVERS LICENSE/REGISTRATION INFO**

You may drive in Florida without getting a Florida drivers license if you hold a valid drivers license from your home state. A Florida drivers license is required of any driver who becomes a resident of Florida, is employed in Florida, or registers a child in a Florida public school. Licenses must be obtained within 30 days of the above actions.

New residents are required to pass a visual examination if they have a valid license from another state. Test appointments are recommended but not needed. A new license costs \$20 and is valid for six years. License renewal is \$15 and replacement cost is \$10.

Drivers must be at least 16 years old to qualify for a driver's license and 15 to get a restricted learner's permit. The NORTHEAST FLORIDA SAFETY COUNCIL offers Nine Driver Improvement Programs designed to teach students the values of safe and sober driving. These include the Basic Driver Improvement Course (BDI), the Traffic Collision Avoidance Course (TCAC), Advanced Driver Improvement (ADI), Drug, Alcohol Traffic Education Program (DATE), Child Restraint Offenders Program, Step Forward, Driving Under The Influence 1, Driving Under The Influence 2 and Special Supervision Services. It is our belief that well-taught, well-organized classroom experiences

can change behavior and result in safer roads for all drivers. SEE THE DETAILED RECORD LISTING FOR OFFICE LOCATIONS for the Driving Course Programs.

In registering your vehicle, it is emphasized that only people who have home state drivers licenses and car registration are exempt from licensing themselves and their vehicles in Florida. Florida has a special reduced auto registration fee for drivers who do not intend to establish Florida as their home of record. To get the reduced rate, take a copy of your orders to the local motor vehicle registration office.

New residents must register their vehicles and obtain Florida license tags within 30 days of establishing legal residency or by the day you begin work in Florida or by the time you register your child in school.

To register your vehicle on base you will need the following: Proof of ownership or right to operate the vehicle, a valid drivers license, name of insurance company, policy number and expiration date, and a minimum coverage of \$10,000 Property Damage Liability and Personal Injury Protection (PIP) with no greater than a \$2000.00 deductible.

**WINDSHIELD DAMAGE:** In Florida, as long as you have Florida comprehensive & collision insurance, in the event your automobiles windshield is damaged in any way, your insurance company is liable to replace it without any deductible payment.

New residents may register immediately upon moving to the city except during the 30 days prior to election when books are closed. Citizens who vote at least once every two years need not re-register. With 840 square miles ---more than Los Angeles and New York combined--- Jacksonville is one of the largest U.S. cities in land area. Home of the National Football League's (NFL) Jacksonville Jaguars, more than 1 Million people live in Duval County. Florida's first coast is comprised of five county areas of which Jacksonville is the hub.

Featuring a temperate climate incorporating seasonal changes, miles of beautiful waterways and beaches plus a myriad of public facilities for work and play, the area literally offers something for everyone.

Jacksonville's lifestyle is active and family oriented. Public schools are fully accredited, medical care is state of the art and fire and police protection is first rate.

Jacksonville spans both banks of the broad St. John's River, and is the commercial, financial and cultural heart of Northeast Florida and Southeast Georgia.

Many people assigned to NAS Jacksonville live either on the westside of Jacksonville or south of the base in Clay County. The town of Orange Park is the largest of several pleasant communities in Clay County, and many Navy families make their home in this fast growing community. In the past two decades the population of Orange Park has grown from only a few thousand to more than 40,000. It is next door to Jacksonville but has a separate government and tax structure.

Enjoy Jacksonville; there is plenty going on all year round. Skim the surface of the St. Johns in a sailboat, attend the Jacksonville Jaguar NFL football games, view the sunrise over the Atlantic Ocean, enjoy miles of coastal beaches, grow magnificent flowers and vegetables in every season or conquer championship golf courses.

### Climate

Jacksonville's climate is characterized by short mild winters, warm and humid summers.

The Spring and Fall months are weather transition periods, when turbulent and severe weather can occur, but it's also during the Spring and Fall when some of Jacksonville's most beautiful weather and pleasant temperatures occur.

Hurricane season runs from 1 June - 30 November, although hurricanes have been known to occur infrequently during other months of the year. DO YOU HAVE YOUR HURRICANE EMERGENCY SUPPLIES KIT PREPARED? Contact the local Naval Atlantic Meteorology and Oceanography Facility at 542-2535 for more information and guidance.

The Northeast Florida and Southeast Georgia areas have numerous activities suited to the most discriminating person. Due to its weather and normally moderate conditions, Jacksonville and the surrounding area is a mecca for outdoor activities.

The NFL's Jacksonville Jaguars play their home games in Alltel Stadium, a modern sports complex on the east side of downtown Jacksonville. The stadium seats 73,000 plus, and is also the location of both the nationally televised "Gator Bowl", a Holiday Classic, and the traditional University of Florida-University of Georgia "Florida-Georgia" football clash.

If you like baseball, the Jacksonville Suns, AA Farm Team of the LA Dodgers, calls Jacksonville their home.

Hockey has come to Jacksonville too! The "Jacksonville Barracudas" are in the Atlantic Coast Hockey League.

Greyhound dog racing, rotates year-round between three area tracks, racing live at one track and simulcast at the others.

Boating, swimming, water skiing, fresh and salt water fishing, wind surfing, surfing, sailing and other water sports are popular year around.

The Naval Air Station Jacksonville has one of the best 27 hole golf courses in the area.

Other Florida attractions within easy driving distance include: St. Augustine, the nations oldest city, Sea World, Cape Canaveral, Cypress Gardens, Silver Springs, Walt Disney World, Epcot Center, Universal, MGM Studios, and Busch Gardens. The Morale, Welfare, and Recreation department sponsors a wide variety of programs on board the base including a fitness center, gym, 18-hole golf course, high energy night club, child development center, an intramural sports program, and a boat marina with mooring slips available at a nominal fee. Florida Industry and Occupational Employment Projections, 1994-2005:

**Population:** Florida's population is expected to grow more slowly over the next ten years than it did during the previous ten years. The structure of Florida's population will shift toward relatively fewer children and youths with a growing proportion of middle-age and older people.

**Employment:** The State's industry employment will continue to shift to the service-producing sector and away from the goods-producing sector.

All industries will continue to rely more on outsourcing, contractors, temporary labor, and leased employment to meet the needs of their customers.

The emphasis on better-educated and higher-skilled workers will continue as our economy becomes more knowledge-based and less production-based.

In Florida, the growth in employment will be concentrated in the service-producing industries.

## **Health Benefits Advisor, Wellness, and CHAMPUS/TRICARE Programs**

For more information on this subject:  
TRICARE Program Information  
<http://www.tricare.osd.mil>

The Health Benefits Advisors (HBA's) at NAS Jacksonville are located on the Second floor of Main hospital building. The HBA's are available by phone or in person to assist eligible beneficiaries with their Military Health Care benefit. There is also a TRICARE Service Center (TSC) newly located in Orange Park on Kingsley Avenue, approximately 6 miles from NAS Jax. The staff at the TSC assist eligible beneficiaries with their health care options under TRICARE. The Wellness Center is located on base, Building 610, Saratoga Ave. The Wellness Center offers a full range of healthy lifestyle programs including smoking cessation, high blood pressure screening and control, cholesterol reduction classes, physical fitness and sports counseling, health risk appraisals.

TRICARE - Naval Hospital Jacksonville is in TRICARE Region Three. The following is a brief explanation of the three TRICARE options; please contact an HBA or TSC for more information:

TRICARE PRIME is the uniform benefit HMO option. All active duty personnel will be enrolled in Prime and all other CHAMPUS eligible beneficiaries may elect to enroll. This option features: Improved Access - enrollees have timely access to health care services. This includes 24 hour Health Care Finder who can assist you in quickly obtaining health care services. Enhanced Benefits - including preventative health care benefits to keep you and your family healthy. Lower Costs - no annual deductible AND set fees for care. (As always, there will be no co-payments for outpatient care at the Military Treatment Facility). No Balance Billing - TRICARE network providers accept the negotiated rates and your co-payment as payment in full. Enrollment - no enrollment for active duty families. Retirees, their family members and survivors pay an annual enrollment fee of \$230 for individual or \$460 for family coverage. A Primary Care Manager -you select a Primary Care Manager (PCM) at either a Military Treatment Facility or from within the civilian network who will provide and coordinate your health care needs. Specialty Referrals - your PCM will monitor your health care, referring you to specialists when needed but always responsible for coordinating your total health care program.

Specialty care and hospitalization will always be obtained from the Military Treatment Facility if available, regardless of whether you have a military or civilian PCM. If care cannot be provided, you will be referred to the civilian network. A Quality Provider Network - access to a network of quality doctors, hospitals and other health care providers usually near your home or work. Point of Service - the TRICARE Prime benefit also includes a point of service option which allows enrollees to retain freedom of choice to use providers out of the network without an authorization from the PCM (annual deductibles and higher cost shares apply).

TRICARE EXTRA is the preferred provider network option for CHAMPUS eligible beneficiaries which offers the following features when you use our TRICARE Network Providers: Choice - you have the choice of selecting your own health care provider within the Extra network. No Enrollment - with your military I.D. card, you can easily enjoy the benefits of TRICARE Extra or TRICARE standard. Flexibility - you can also take advantage of the TRICARE Standard option. Lower Costs - once the deductible has been met, your cost share will be 5% less than TRICARE standard rates. You will be able to take advantage of lower negotiated network provider rates. Less paperwork - usually there are no claim forms to file. No Balance Billing - network providers accept the negotiated rates and your cost share as payment in full (after the appropriate deductible has been met).

TRICARE STANDARD is the Standard CHAMPUS option for CHAMPUS eligible beneficiaries. This option has the highest out-of-pocket cost to the beneficiary but features: Maximum choice - with unlimited provider choice there is no need to change doctors if you have already established a relationship which you would like to maintain. You may continue to obtain care in any location, from any authorized CHAMPUS provider and you're not obligated to seek care from a specific PCM. No Enrollment - with your military I.D. card, you can easily enjoy the benefits of TRICARE Standard or TRICARE Extra. Flexibility - you can use Standard or take advantage of additional cost saving benefits under TRICARE Extra.

Enrollment of family members in the Tricare Family Member Dental Plan (TFMDP) is highly encouraged due to very limited space available care. By law, family members enrolled in the insurance plan are not eligible for treatment at military dental facilities for any dental procedures covered by the plan.

The TRICARE Active Duty Family Member Dental Plan (FMDP) is administered by United concordia Companies, Inc. in Camp Hill, Pennsylvania. It is a voluntary Comprehensive dental plan available to family members of all active duty Uniformed Services personnel. When the active duty member

(sponsor) enrolls family members in the FMDP, a monthly premium is paid through payroll deduction. The plan has cost shares, maximums, and limitations similar to typical civilian dental group plans. The amount covered by the plan ranges from 100 percent to 50 percent, depending on the type of service. Family members must receive dental services in the United States, Canada, Guam, the U.S. Virgin Islands or Puerto Rico.

## In Transit Emergencies

No matter how well you've planned, emergencies do happen. What should you do in case of an emergency while you are traveling?

First of all, make sure you have all of your important papers with you - not packed with your household goods. "Include this SITES booklet". Telephone numbers for the JOOD, your Command Duty Office and your sponsor can be invaluable in case of emergency while in transit.

The American Red Cross is always available for emergency aid anywhere you may be. Contact the AMERICAN RED CROSS ARMED FORCES EMERGENCY CENTER TOLL-FREE at 1 877/272-7337. They can sometimes help with emergency financial assistance, and by contacting individuals who will need to know where you are and what's happening.

If you are near a military installation, contact the Navy/Marine Corps Relief Society or that Service components equivalent office, for emergency assistance. The NAS Jacksonville office can be reached at 904/542-3515.

Plan for the unexpected and it probably won't happen.

## Household Goods In-Bound Shipments

For more information on this subject:  
Fleet Industrial Supply Ctr &  
<http://www.jax.fisc.navy.mil/>

Upon arrival in Jacksonville area, contact the Personal Property Office (PPO) immediately to establish your "In-bound" contact information. You must provide the PPO with a current telephone number and, if available, a delivery address for your incoming household goods (HHG). If you have a residence, and a contact telephone number, it may be possible to have your HHGs delivered directly to your residence the same day the shipment arrives. Routinely, the PPO contacts you, with the number you provide, as soon as the shipment arrives and arranges a delivery with you. If you do not have a telephone, you may ask the PPO for a beeper, available on a limited, case-by-case basis. Once your shipment arrives, the PPO will call, or "beep" you for a return call, and delivery arrangements will then be established. If you cannot be reached, or if you do not have a delivery address, your shipment will be directed into Storage-In-Transit (SIT). You will be provided with the name and telephone number of the SIT warehouse and you will be allowed to arrange delivery with the warehouseman when you have a residence.

When you have established a delivery address and are ready to take delivery of your HHGs in storage, contact the warehouseman five (5) working days prior to your desired delivery date. This much time is needed to allow adequate planning for delivery. During peak season, from April through September, you should contact the warehouseman eight (8) working days prior to your desired delivery date to ensure you get the date you want.

We recommend you appoint another adult to be present with you during the delivery of your HHGs. Having an "extra" person will allow you the ability to check-off your HHGs inventory as your goods are being brought into the house; while also directing the movers where you want your articles placed in the residence. The movers are required to unpack all cartons unless you waive unpacking. The movers are also required to reassemble all articles which were disassembled by the origin movers and to remove all empty cartons and debris associated with their unpacking. However, if you unpack cartons after the movers leave, they are not required to come back for your empty cartons & packing debris.

You will be given two documents to sign at delivery:  
1. The DD619-1 statement of accessorial services. Note that the carrier may request your signature if your property must be carried more than 75 feet from the truck to your door or up more than 6 steps. 2. The DD1840 the joint statement of loss or damage at delivery: This form will be given to you by the mover

in five parts. List all missing items by inventory number, name & description; for damaged items, also list the location of damage. If an item listed on the inventory IS NOT DELIVERED, YOU MUST RECORD this at the time of delivery. All missing inventory items must be written down on the 1840 BEFORE the movers depart. If you need more space, use a separate piece of paper. Please fill in the block for estimated dollar amount of loss or damage. This will help us in evaluating your shipment & removing carriers that have high amounts of damage. The driver should sign the DD1840 as well as any additional sheets. 3. After the driver leaves, any loss or damage observed MUST be listed on the reverse (DD1840-R). NOTE: FAILURE TO SUBMIT THE DD1840/R WITHIN 70 DAYS OF YOUR DELIVERY MAY RESULT IN NON-PAYMENT OF YOUR CLAIM! You may submit the DD1840/R to the nearest Personal Property Office.

<b>Comments:</b> For information on transporting pets as you PCS. Military personnel shipping pets overseas may send only dogs and cats on Air Force Air Mobility Command (AMC) charters. Other pets are not allowed. Pet shipment is a privilege limited to charter passengers in a permanent change-of-station status, and waivers are required to ship more than two pets per family. The weight limit is 99 pounds, including the cage or shipping container. It costs about \$85.00 to ship a pet and kennel weighing up to 70 pounds, and that cost doubles for pets (and kennel) weighing 71 to 99 pounds. Pet owners are responsible for the preparation and care of their animals and all documentation, immunization, and border clearance requirements. (VISIT YOUR INSTALLATION'S VETERINARIAN OFFICE FOR SPECIFIC INFORMATION, AT LEAST 90-120 DAYS PRIOR TO DESIRED SHIPMENT DATE. During the summer months, from about mid April through mid september, you may find that you are denied shipment due to heat related liabilities).  A small pet can travel in the charter aircraft cabin, with special permission from AMC, if it is in a hard-shell kennel not exceeding 20 inches by 16 by 8. Service members should advise their transportation office (at PSD) about their pets when they make arrangements for their own travel. People who need a waiver can contact Air Mobility Command at the above phone numbers, email address, or fax a request to them.

The Career Counselor should review the Preseparation Counseling Checklist (DD Form 2648) with you and explain the services and benefits available to you. Once you have completed the DD Form 2648, the Career Counselor should call the Transition Assistance Program (TAP) Management Assistant to obtain a reservation for you to attend & participate in the TAP Workshop, 90-180 days prior to separation. The TAP Workshop is conducted

locally for four days. You are TAD away from the command, where you can concentrate on learning about what steps you need to take to ease your transition back into civilian work force, etc. Don't miss this opportunity. It may be the most useful course you've ever attended in the military.

Hours: Mon-Fri 0900-1500, manned by experienced volunteers.  Attention Retirees; Do you have questions on: Retirement Pay Survivors Benefit Plan Tri-Care Health Coverage Change of Beneficiary Legislative items and you don't know who to call? The Naval Retired Activities Office (RAO) helps all Armed Forces retirees, their family members, and survivors to ensure they understand and receive their rights, benefits and privileges.  The mission of any RAO is to provide an informal, person to person link between the retired community and official resources, both military and other governmental agencies, and even appropriate non-governmental agencies. Our "Clients" (for lack of a more appropriate designation) include military retirees (of all seven of the uniformed services), their family members and survivors. The assistance rendered these clients includes, but is not limited to, these general subjects: retired pay; COLA's; medical availability information in military and civilian facilities; insurance, both medical and life; income tax; legal (we do not provide legal advice, but have to have an ability to recognize when a client should be referred to an attorney, military or civilian; civil service employment/retirement as it relates to military service; Veterans Administration benefits; Social Security; the military Survivors Benefit Plan (SBP), the Uniformed Services Former Spouse Protection Act; and casualty assistance in filing claims and receiving benefits to which survivors may be entitled.

We consider all of these subjects to be important but casualty assistance we consider to be of the utmost importance. Psychologists have determined that the death of a spouse is the most stressful experience that a person encounters during life. Many of our survivors are completely unprepared for this inevitable experience--most notable emotionally and financially, but also uninformed concerning practical procedures. The office exists to be of assistance to retirees and their families.

### TUITION ASSISTANCE FOR FAMILY MEMBERS

Navy-Marine Corps Relief Society (NMCRS) Education Programs: The NMCRS Spouse Tuition Aid Program (STAP) is available for spouses residing with active duty servicemembers (Sailors and Marines) stationed overseas. The program provides tuition assistance for full-time and part-time onbase education programs at the graduate and undergraduate levels. Spouses in Alaska and Hawaii are not currently eligible since NMCRS does not consider these areas to be stationed overseas locations at this time. STAP grants provide up to 50 percent of tuition costs, not to exceed \$300 per term

for undergraduates and \$350 per term for graduates, to a maximum of \$1,500 for undergraduate and \$1,750 for graduate students each year. STAP is a need-based program, and requires individuals to complete a budget with a trained NMCRS interviewer. The budget serves a two-fold purpose. It is the basis by which aid is granted, and also serves as the conduit through which sound budgetary advice can be provided, where needed.

The VADM E. P. Travers Scholarship and Loan Program has been expanded from dependent children only to include spouses of active duty servicemembers (CONUS/overseas), effective with academic year 1997/1998. Qualified applicants are ranked according to financial need, and the Society is limited to 1,000 scholarships, spread among dependent children of active duty and retired Sailors and Marines and spouses of active duty servicemembers. The program provides a scholarship of up to \$2,000 and/or an interest-free loan of up to \$3,000 per academic year. Enrollment must be for full-time undergraduate study at an accredited institution recognized by the U.S. Department of Education.

To obtain an application or additional information on these programs and other NMCRS education programs, call NMCRS at (703) 696-4960 or DSN 226-4960, or visit your local NMCRS office.

Services by the American Red Cross, a non-profit humanitarian organization, are made possible by the financial support of the American people through contributions to Combined Federal Campaign, United Way, and personal donations. ## Family Advocacy

What is Family Advocacy? This program is a Department of Defense initiative for the prevention,

education, intervention and treatment of child physical abuse, child neglect, child sexual abuse, spouse abuse and sexual assault. How does it work? When a suspected case of abuse occurs it is reported to the Family Advocacy Representative (FAR). It is the responsibility of the FAR to investigate and track all cases of abuse. Will one person decide a case? NO!!! After the investigation a sub-committee will review the case. The sub-committee is chaired by a medical officer and consists of the FAR, physicians, counselors and investigative personnel. The sub-committee will decide if the charges are founded, unfounded, suspected or high risk. The sub-committee then recommends a plan of action to the servicemember's Commanding Officer. The goal of the program is to protect victims, strengthen families and keep valuable service members in the Navy.

### Chapel Services and Programs

The chaplains of Naval Air Station Jacksonville and the Chapel Family extend to you their warmest welcome to the NAS Chapel community. Please accept their invitation to attend worship services and activities sponsored by the Command Religious Program.

Your chaplain's ministry to you includes worship, sacramental rites and ordinances, religious education, crisis intervention, counseling and fellowship activities for singles and families. This ministry is presented through chapel worship, individual office appointments, pastoral visits to work centers, barracks, and hospitals as well as picnics and potluck dinners.

The chaplains have offices in the main chapel complex (Bldg. 751), the HS hangar (Bldg. 124), the AIMD/VP hangar (Bldg. 1000) and the VP-30 hangar (Bldg. 30). Business hours are 0700-1630 Monday through Friday. For emergencies after business hours, weekends or holidays contact the NAS Jacksonville OOD at 904/542-2338, and the duty chaplain will be contacted.

To insure ample opportunity to fulfill pre-marital requirements, a preparation period of at least two months (Protestant), three months (Orthodox) and four months (Catholic) prior to your wedding date is required. Catholic personnel desiring the Sacrament of Marriage need to fill out documentation and counseling requirements with the Catholic chaplains in accordance with the Military Archdiocese. Attendance at the NAS Jacksonville Pre-Marriage Seminar is a mandatory requirement for weddings

officiated by a Navy chaplain. Call the chapel for the seminar schedule or to make a reservation.

Requests for Baptisms are initiated by an appointment with the respective faith group chaplain. Roman Catholics desiring the Sacrament of Baptism must attend a Baptismal Class.

On behalf of the three worshipping communities at Naval Air Station (Catholic, Protestant, and Orthodox), Welcome!

<b>Comments:</b> What is Food Source?  Food Source is a Christian food buying program. High-volume purchasing enables us to buy in bulk and distribute to you at considerable savings. Each package costs \$20.00. You may purchase as many as you like and there are no requirements whatsoever. We accept cash, checks made payable to Food Source or food stamp/EBT cards. The food is shipped to your local host organization one Saturday each month. All packages are pre-ordered and therefore must be pre-paid.  How it works:  Each month a menu is tentatively planned. This means that the menu may change due to season, weather, costs, availability, and number of participants. On the order turn in date specified, each coordinator calls in their total and when all 100+ coordinators have done so, we can begin to shop for the items on the menu at the lower costs available at the time. This means that the sooner orders are called in and the more people that participate, the more we can put into your package for your \$20.00. As the number of orders increase, so does the value of the package; consequently, as numbers decrease, the value is directly impacted. An average of 17 items are in the package each month. That's about \$1.18 per item. The menu varies month to month, but can you imagine paying \$1.18 for an 8 pound turkey at your local grocer? How about \$1.18 for lunch meats and cheeses and fruits?  Food Source works very hard to provide you with a well rounded combination of meats, staples, dairy, fruits and vegetables. We guarantee that we try our best to provide you with the absolute best savings possible. The program is open to anyone and everyone. It is NOT a needy program, and if you feel as though Food Source is not for you, you can still help others by purchasing a package and donating it. We have plenty of families that could use the gift of love in the form of food. Many families rely on Food Source each month and it is all made possible with the kindness of people like you.  So what's to lose? Try Food Source one month and

let us know what you think. There are host sites all over Georgia and Florida and we welcome you to join our ever-expanding organization!

## Child And Teen Services

### Child and Teen Services Overview

Child care and youth services are available at NAS Jacksonville through the Child Development Program, Child Development Homes, and Youth Activities.

The Child Development Center (CDC), at NAS Jacksonville, is a "Nationally Accredited Program", which exists to enhance the quality of life for military and base civilian families. There are three major goals our CDC strives to achieve daily for its children: 1) to provide a safe, clean, reliable and caring environment, 2) to provide a developmentally age-appropriate program of positive activities, and 3) to encourage maximum parent interest and involvement. To utilize either the CDC or Child Development Homes (CDH), children must be completely registered to include an application form, up-to-date immunization record, documentation of recent health exam, authorization release for emergency medical care, and parent's military or DOD I.D. card.

### New Parent Program

Refer to Support Services, Family Centers.

### Child Care Programs - on Installation

The Child Development Center (Manatee Landing) is located in building 705 on Child St. and provides full-time and drop-in care for children ages six weeks of age through five years. Infants must have documentation of a well-baby check-up to qualify for care.

Full-time includes up to ten hours of care each weekday (excluding Federal Holidays). Priority for full-time care is given to single and dual-military families. Weekly fees are based on the total annual

family income, as regulated by the Department of Defense. Weekly patrons must provide the CDC with financial information and the most recent leave and earnings statements (LES) and/or paycheck stubs to determine weekly fees. Breakfast, lunch and afternoon snacks are provided each day by the CDC.

Drop-in care is available on a limited space available basis. Reservations are accepted up to one week in advance.

<b>Comments:</b> The CDH program certifies military family members (adults) to provide child care services for other military and base DOD employees in their own base housing units. To be certified, a provider must apply to the CDH program, maintain CPR and First Aid Certification, attend a 20 hour training program, go through regular inspections and/or approvals by the Housing Office, Family Advocacy, Fire Department and Preventive Medicine. The CDH Director provides monthly training and inspections for each provider. Typically, providers may care for up to six children including their own under the age of eight years. Full day, hourly, before and after school, weekends and nightly care are available. Providers establish their own fees for the various services. Providers may accommodate command child care needs with evening care for special events such as parties or pre-deployment briefings. The Child Development Center has a Memorandum of Understanding with Florida's Department of Family Programs for off-base family child care. For more information on becoming a provider or requesting child care services, please call 542-5381, or stop by Manatee Landing, Bldg. 705.

There are numerous things to do in the greater Jacksonville area, most of which will require some form of transportation.

On the Northside of Jacksonville: "Jacksonville ZOOlogical Gardens". Ride the railroad or take the elevated boardwalk to see over 500 animals in their natural habitats. Open Daily 9-5 except Christmas, New Years & Thanksgiving Day.

Westside: Horseback Riding at the Diamond D Rent Horse Stables, located off of Normandy Blvd. Adventure Landing Golf and Games located on Blanding Blvd. N. of 103rd St.

Southside of Jacksonville: Adventure Landing; water slides, go-karts, mini golf, arcades, laser tag, and batting cages. King Arthur's Amusement Castle, an indoor amusement park with laser tag, bumper cars, spaceship rides, mini-golf, ferris wheel, 100 game arcade, movie theatre, restaurant and more. (Both of these are located on Beach Blvd.)

Mandarin Mill Family Golf, Games & Batting Cages in Mandarin.

Other water theme parks within a 90 minute drive include Summer Waves at Jekyll Island, Ga and Wild Waters next to Silver Springs in Ocala, FL. (Here's a tip if you go to Jekyll Island "take insect repellent because there are little biting gnats (No-Seeums) in south Georgia.)

Continuing with the water theme, brave the "always cool" natural spring waters (a constant 72-73 degrees fahrenheit) and try inner-tubing down the Itchetucknee River, finishing with a picnic in either the upper or lower state camp grounds. Itchetucknee State Park is located about 90 minutes west southwest of Jacksonville.

Beaches: Of course there are plenty of beaches along the Atlantic coast from Fernandina southward to past St. Augustine. From NAS Jacksonville it is about a 35-45 minute ride to the beaches, or a 3 hour ride to western Florida's white sandy beaches on the Gulf of Mexico.

Speaking of St. Augustine, there is plenty of history to explore, tourist attractions and cool shops to visit in the Our Nation's Oldest City. In early December, normally the first Saturday, the city and the USO celebrate USO PAL Day. This is a military appreciation day and most attractions you would spend several dollars on to visit are free to the military person in uniform and his/her family. Some of the many things to visit include: the Alligator Farm; The Fountain of Youth; Marineland; Potters Wax Museum; Ripley's Believe It or Not; the Sightseeing Trains with a narrated tour of the historic sections, and much more.

There are several old lighthouses and historical forts along the coast to visit. A host of museums, including the Alexander Brest Museum (also a planetarium with laser light shows), and the Museum of Science and Natural History. Both are located in Jacksonville's downtown area on the South bank of the St. John's river.

Cultural Arts: The Florida Times-Union Performing Arts Center featuring world renown stage and musical performers; Florida Community College of Jacksonville (FCCJ) sponsors many theatre performances; Concerts in the Park at Metropolitan Park; The Florida Theatre; The Alhambra Dinner Theatre featuring Broadway musicals, comedies and a dinner buffet; and several museums of cultural art.

Central Florida attractions include Daytona's famous beaches; Kennedy Space Center; Disney's numerous attractions, Universal Studios; Seaworld in Orlando; and Busch Gardens Theme Park in Tampa Bay. All are within a 2-3.5 hour drive of Jacksonville. Be sure to visit the ITT office next to the Navy Exchange for discounted tickets, attraction information, and Jacksonville Transit Authority (JTA) Bus schedules.

Welcome to Jacksonville. Enjoy your stay!

## **Survival Tips For First Termers**

### **Survival Tips for First Termers Overview**

Being in the Navy is an opportunity and a proud tradition of more than 200 years of service. It is also a challenge as single and married Navy and Marine Corps members juggle their military duties, personal and financial obligations, and the demands of an immediate or extended family.

Navy personnel and their families are envied for the variety of their experiences and the number of places they travel and live. To make this attractive, mobile life possible, a great amount of planning and preparation is necessary.

Listed below are some "Survival Tips" to help you and your family as you face the challenges and opportunities of the Mobile Military Lifestyle.

### **Before You Move**

Departure preparations!

As soon as you receive your orders, visit your Fleet & Family Support Center Relocation Counselor for information and assistance.

Contact the Household Goods Office for an appointment with a counselor to schedule your household goods move. During your counseling session your counselor will provide a great deal of valuable information. Pay attention to details, take notes, ask questions and follow directions. Failure to adhere to guidelines can be costly in time and money.

Notify your landlord, rental agent or Housing Office of your Permanent Change of Station (PCS) orders and anticipated date of departure. If there is a military clause in your lease, you must give this notification in writing. Keep a dated copy for your records.

Request a sponsor at your new duty station. Take the initiative and contact the squadron or unit yourself. This person can be your vital link to your new home. Your sponsor can send you specific information on your new location and assist you when you arrive.

Begin a calendar for your move. Include items to remember - change of address cards, school records for your children, travel arrangements for your pets, letters of reference from your utility companies, etc. Notify your friends, relatives, etc. of your upcoming move.

Start budgeting for the move. Contact your Finance office or PSD to discuss your options regarding advances on travel allowances, or advance pay. Even with your entitlements, special pay, allotments, etc., moving can be expensive. In addition, families facing loss of one income during the relocation will feel additional financial impact.

This is by no means everything you'll have to remember! Check with your Relocation Counselor at your Fleet & Family Support Center. He/she can provide you with complete checklists and many helpful publications to assist you with remembering all the details!

## **After You Arrive**

Click on Services

<http://www.nasjax.navy.mil/index2001b.htm>

Contact the base housing office "Navy Housing Welcome Center" BEFORE making any arrangements for civilian housing. Ask if your new location participates in the RENTAL PARTNERSHIP PROGRAM. Rental/lease agreements are extremely important and are sometimes complicated. If you haven't done so already, check with base housing about submitting a government housing application. Your eligibility date is normally the date you detached from your previous permanent duty station.

Ask your base housing office if there are any waiver opportunities for utility deposits. Contact utility companies to make arrangements for connections.

Notify the Personal Property Office (household goods) of your new address, telephone number, and to check on the status of your household goods. Have they arrived? Are they in storage? How much storage time am I entitled to? How do I file a claim if there is

damage? All important questions to ask now that you've arrived.

Once you've found the perfect home and your worldly possessions have arrived, the job of getting acquainted with your new neighborhood begins.

On moving in day, if you have small children, you might want to make arrangements for child care. The same holds true for your pets. Older children might want to help by checking off boxes on the inventory, as they come in, or unpacking the special box of their belongings.

Be at home before the movers arrive! Have an idea of where you want things placed - the movers will only put items in one place.

Check your belongings carefully and make sure to note on the inventory any damaged or missing items so you can file a claim at the Personal Property Office.

Contact your Relocation Counselor at your Fleet & Family Support Center, for additional services, including setting your spouse up with an appointment with the Spouse Employment Assistance Program counselor.

So many things to remember! You will find that services and procedures vary from base to base. When getting acquainted with your new base be sure to find out:

- Speed limits
- Location of medical facility and procedures for emergency walk-in care
- Check cashing limits, procedures and hours of operation of the exchange and commissary
- Order new checks with your new address.
- Photography restrictions.

Most importantly, remember help is just a phone call away. When in doubt - ask. Call the Relocation Assistance Specialist any time. If he doesn't know the answer, he/she will find out.

## Reporting Procedures

For more information on this subject:

NAS Jacksonville Home Page

<http://www.nasjax.navy.mil/index2001b.htm>

Arriving by Auto - the Air Station is located on Highway 17, three miles North of Interstate 295. If you are driving in from the west on I-10, take the I-295 exit South and get off at exit #3, for Orange Park, Hwy 17 (Roosevelt Blvd.), NAS Jacksonville. You will turn left onto Hwy 17 and proceed about 3 miles to the Main Gate entrance, Yorktown Avenue.

From the North on I-95, take the I-295 cutoff around the west side of Jacksonville, until you reach exit #3.

From the South on I-95, take the I-295 North exit, across the Buckman Bridge (St. John's River), then exit to the right on Hwy 17, three miles to the Main Gate.

By Air - you will leave the Jacksonville International Airport and turn South on I-95. Follow the directions if traveling from the North. There is no base transportation from the airport to the Naval Air Station. Hopefully, your Sponsor will be there to pick you up. This requires prior planning and contact on your part to keep your sponsor informed of your arrival needs. If no one is there to meet you, take a taxi to NAS Jacksonville and be sure to GET A RECEIPT so you can file a travel claim for reimbursement. The taxi ride from the airport will cost between \$30.00 - \$35.00.

If you arrive by Bus, the Greyhound terminal is in downtown Jacksonville. This is not a very nice area, so you will want to catch a taxi soon to NAS. Again, get a receipt.

REMEMBER, IF YOU GET LOST OR NEED ASSISTANCE, CALL THE NAS JACKSONVILLE OFFICER OF THE DAY (OOD) AT 904/542-2338.

Arriving after normal working hours:  
Unaccompanied - The first stop is the station OOD who will endorse the service members orders. The OOD's office is located in the Admin Bldg. 1 at the corner of Yorktown Ave. & Langley St. The next stop will be at Central Billeting Bldg. 822 for enlisted personnel, or the CBQ in building 11, where temporary quarters will be assigned until permanent assignment is made. The OOD can provide directions. Permanent quarters are not guaranteed for Single members E-5 and above. The service member will then be required to report to the Personnel Support Detachment (PSD) building 789 at 0900 the next working day. PSD building 789 is located at the corner of Birmingham Ave. & Child St.

Accompanied - If service member is accompanied, the first stop is the station OOD who will endorse the service members orders. If permanent quarters have not been acquired, prior to the service members check in, temporary quarters will need to be obtained. If the service member made advance reservations at the Navy Lodge, you must check in between 1500-1800. If arriving after 1800, you must secure the room with a credit card, or your reservation will be cancelled. If you failed to make a reservation, there may still be room and you should call 904/772-6000 to inquire. If no room is available at the Navy Lodge, temporary lodging may be available at CBQ Bldg. 11. Call (904) 542-3138 to see if they have room, otherwise lodging will have to be obtained off base. Refer to the Relocation Services section of this booklet under billeting for local motel telephone numbers. The service member will then report to the Personnel Support Detachment (PSD), building 789, at 0900 the next regular working day.

## Travel Planning

The physical process of moving from one location to another can be a semi-holiday or a chaotic series of gas station stops. As you plan your trip, try to limit your daily journey to distances your family can tolerate. It could save you and your family some uncomfortable restless miles. Confirm your travel reservations before you leave. If you are traveling with pets, be sure the hotels you've chosen accept pets on the premises. If they don't, you need to make kennel arrangements with each hotel in advance, or find another hotel.

Check with your Relocation Assistance Counselor at your Fleet & Family Support Center. Many have the AUTOMAP Trip Routing program that will help you plan distances, gas costs, and overnight stays.

When you're on the road, be sure to keep track of mileage and all expenses. Many are tax deductible if you file on a "long" tax form. Keep all receipts. If you don't need them later you can disregard them.

Let each day flow with the daily plan.

Infants have few concerns outside their immediate environment. They take the "cues" from you: are you angry and frustrated, or relaxed and content?

Young children do best when kept on the same eating and sleeping routine. Introduce new sights and sounds with patience.

Elementary school children may be loosing their first friends.

Allow for expression of grief in daily decisions.

Hints for traveling with kids: Young children have a natural wariness of the unknown. Including them in the planning can help allay fears. Stick to your child's usual bedtime and mealtimes, and read his or her favorite story. Unpack the minute you arrive so everyone feels at home.

Balance your day, making plenty of time for a romp in the park or other relaxing activities. Even when having fun, kids have a limited attention span.

\*Packing Pointers: Take one small bag per person. Let each child take only one special toy - or you'll find yourself carrying kid's possessions around the amusement park. Don't forget a first aid kit, with disinfectant, bandaids, tylenol, etc. Tuck in a nylon folding suitcase - great for lugging home your souvenirs or dirty laundry.

Call ahead to confirm hotel services for children such as cribs and cots.

## **Vehicle Ownership**

Because different states have different insurance laws, your insurance company will need to know where and when you are moving. In addition to automobile insurance, attention should be given to driver's licenses and auto registration. To avoid penalties, make sure all autos are properly inspected

and registered, and that all drivers in the household are properly licensed.

REFER TO THE INSTALLATION "REGULATIONS" SECTION OF THIS BOOKLET FOR MORE SPECIFICS.

Check with base security if desiring to register a motorcycle on base. Completion of a motorcycle safety course is required, or proof you've completed one.

Contact the Pass and I.D. section of base security at the Main Gate, building 9, to obtain a pass when you arrive.

## **Housing and Billeting**

Refer to the HOUSING section, and RELOCATION SERVICES; billeting, and unaccompanied PCS.

## **Money Matters**

(PCS ALLOWANCES AND ADVANCES)

The costs associated with PCS orders can be debilitating for even the most solid budget. Though there are some reimbursements associated with PCS moves, research demonstrates the average military family reports out of pocket expenses of over \$500.00 and that only one out of every three dollars is reimbursed. Listed below are some of the PCS moving allowances you can plan on to help you budget for your move.

**DISLOCATION ALLOWANCE (DLA):** Active duty personnel with family members moving from a permanent duty station are entitled to a dislocation allowance. This is paid to offset the costs of closing one home and setting up another. Single members may also be entitled to DLA, provided they will not be residing in the CBQ greater than 60 days. DLA is not available to those transferring in the same geographical location, unless they change permanent residences. DLA may be dispersed at the time of travel, or upon arrival at the gaining command. Ask for it. Your DD Form 1299 from Personal Property is required to get DLA.

**MILEAGE IN LIEU OF TRANSPORTATION (MALT):** Service members receive a MALT when they drive to a new assignment. The allowance is computed on federal tables of mileage between the old and new duty stations. Even though the official distance may be longer or shorter than the service member drives, the official distance determines the allowance payable. MALT is also paid to those going

overseas if they drive from their stateside location to the port of embarkation for transcontinental plane or ship, or from the port of debarkation to the new duty station.

Single active duty or spouse traveling alone - \$.15 per mile .....Two family members - .17 per mile .....Three family members - .19 per mile .....Four or more family members - .20 per mile

These rates apply to spouses authorized to travel alone or with family members, and to sponsor traveling with family members. These rates also apply to travel in a second car when its use is authorized. MALT will be dispersed at the time of travel.

**PER DIEM ALLOWANCE:** Along with DLA and MALT, food and lodging are allotted when making a PCS move. The allowance is paid at the rate of 350 miles per day. Service members receive \$85.00 a day, plus \$63.75 a day for their spouse and each family member 12 years of age or older. Children under 12 are authorized \$42.50 per authorized travel day. When a spouse travels separately, the spouse receives \$85.00 a day; and for family members traveling with the spouse it is \$63.75 a day or \$42.50 a day depending on the child's age.

**TEMPORARY LODGING EXPENSE ALLOWANCE (TLE):** Military with family members transferring from one permanent duty station to another are authorized reimbursement for temporary lodging for up to 10 days at their old duty station or at the new duty station, or portions thereof. Reimbursement will not exceed local per diem rates for lodging, and will not exceed \$180.00 total a day, including food allowance. If member and family are transferring to an overseas location, only 5 days at their old duty station are reimbursable.

**TEMPORARY LODGING ALLOWANCE (TLA):** Military with family members arriving at overseas bases are eligible to apply for this allowance to help offset the cost of temporary housing and meals, unless permanent housing is readily available. Members must check in with their command, PSD and the housing office to make application for TLA. It is not retroactive. You are entitled to TLA even if you move into temporary government quarters. The amount of TLA depends upon several factors, including family size, local per diem rate, actual cost of quarters and whether the quarters provide cooking or dining facilities. TLA is reimbursed in 10 day increments, and normally does not extend beyond 60

days. TLA is usually limited to 10 days for those departing the overseas location.

Under certain conditions, a service member may be entitled to special monetary advances to help offset financial expenses in time of transferring under PCS orders, accepting new living quarters, or deploying for more than thirty days. Listed below are some of the advances available, the requirements that must be met for each, and who is eligible:

#### ADVANCE PAY ON PCS

A member may draw up to 3 month's advance pay upon receipt of PCS orders. Advance of pay provides the member with sufficient funds to meet extraordinary expenses of moving from one duty station to another. A member may also draw an advance of pay for a change of home port or on PCS orders within the same geographical area if the member moves household goods at government expense. It is not to be used for personal financial gain nor is it intended to provide funds for such items as investments, vacation, or the purchase of consumer goods not related to the member's PCS move. Advance pay is not for expenses that can be covered by another advance such as travel or housing. The amount of the advance pay must not exceed 3 months of basic pay minus federal/state income tax withholdings, federal insurance contribution act (FICA tax), servicemen's group life insurance (SGLI), Tricare dental, Navy home assessment, monthly repayment of a prior advance pay, and any other required deductions from pay except allotments. Repayment of the advance pay begins on the first day of the month following the month in which the advance was paid. At the member's request and approved by his or her CO, the advance pay may be repaid up to a maximum of 24 months. The member may also repay the advance in fewer than 12 equal monthly installments or in one lump sum if desired. \*\*\*The payback period cannot exceed the member's EAOS or PRD - whichever is earlier.

#### ADVANCE OF PAY AND ALLOWANCES

Advance of pay and allowances eases the financial hardships imposed by the lack of regular payments when members are ordered to duty at distant stations, mobilized, or deployed aboard ships for more than 30 days. It is usually granted because regular disbursing facilities will be limited or nonexistent (for example onboard a submarine).

#### ADVANCE HOUSING ALLOWANCE

Advance housing allowance is to pay for advance rent, security deposits, and/or initial expenses incident to occupying other than government housing. For members stationed in the United States, advance housing allowance is authorized. The amount advanced is based on housing expenses and the authorized Basic Allowance for Housing (BAH). Housing expenses must be documented to include copies of the lease, utility company's statement, and any other pertinent documentation. The advance will only be paid for those items substantiated with documents to show actual expenses of moving in but the total cannot exceed 3 months of the members BAH. Normally the advance will be paid no more than 3 working days before the effective date of the lease agreement. A member may also request advance housing within 90 days of accepting a rental agreement.

Normally, the amount advanced will be repaid in 12 equal monthly installments commencing the first day of the month following the month in which the advance was paid. The repayment schedule can be greater than one year but not exceed the members tour of duty at the station concerned. If the member

terminates the housing in which the advance housing was requested before the repayment is complete, action to recoup the unpaid balance begins immediately in a lump sum/one time checkage.

#### ADVANCE DEPENDENT ALLOTMENT

A member may also request an advance payment on a dependent allotment when attached to a deployed unit. The allotment will be paid no more than 60 days prior to date of deployment. A member may not be advanced the amount of a newly registered dependent allotment or a newly increased allotment, if such allotment is registered more than 60 days after the unit deployed or more than 60 days after the member reported to a deployed unit. Liquidation will only be authorized for a 6 month period.

Talk to your Command Financial Specialist prior to drawing advanced pay.\*\*\* Advance pay is a "dead horse" that automatically reduces your take home pay, until you pay it off.

REMEMBER, ALL ADVANCED PAY MUST BE PAID BACK!
